A TWO-DAY
NATIONAL SEMINAR ON

**Role of Education in
Environmental Protection,
Conservation and Management**

28th – 29th JANUARY 2019

Organised by:

SRINATH COLLEGE OF EDUCATION

A Unit of Sandhya Shambhu Educational Trust

Affiliated to Kolhan University, Chaibasa

Dindli, Adityapur, Jamshedpur,
Jharkhand - 831013. INDIA

Ph.: 0657-2383113, 9234459983

ABOUT THE COLLEGE

Srinath College of Education is situated in Dindli, Tata Kandra Main Road, Adityapur Seraikella-Kharsawan and is run by Sandhya Sambhu Educational Trust. It is a Premier educational institute recognized by National Council for Teacher Education (NCTE), Bhubaneswar, affiliated to Kolhan University, Chaibasa, Jharkhand and Jharkhand Academic Council (JAC), Ranchi. It is 7 kms away from the Tatanagar Railway Station and 10 kms away from Mango Bus Stand. Our college was established in 2016 and committed itself in the field of education from the academic year 2016-18.

Though it is a self-financing institution our college gives special privilege in admitting the socially and economically deprived rural educated poor young men and women who aspire to dedicate themselves for the cause of becoming good teacher by pursuing B.Ed. and D.El.Ed. course. It is bestowed with wide greeneries, serene environment, modern well equipped infrastructure facility, modern electronic gadgets that promotes quality teaching- learning atmosphere and above all qualified and dedicated band of staff to uphold the glory of the institution.

VISION

We intend to mould the prospective teachers with far sighted vision to face the challenges of the society, rooted in ethical values, living up to the cause of promoting social justice, liberty, equality and fraternity by developing a holistic personality.

MISSION

We are committed to form leaders who are intellectually competent, emotionally intellectual, spiritually mature, morally upright, psychologically integrated, physically healthy, socially acceptable, God loving and who will champion the cause of justice, love truth and peace and who are always open to further growth.

FOCUS OF THE SEMINAR

In this entire universe its only earth that possess power to sustain life in every form. Formed of five major components our environment is what makes us different. Environment plays an important role in the healthy living of human beings. It matters because it is the only home that humans have, and it provides air, food, and other needs. Humanity's entire life support system depends on the well-being of all the environmental factors.

Being the supreme creation of god we hold the prime responsibility of maintaining the originality of this environment to the fullest. Education is the most powerful weapon to bring out this awareness and alertness among the mass. This seminar would certainly help us to establish meaningful relation between education and environment. It will prove that education is the best medium to make people aware about environmental protection. Not only the prevention but it will

help us to discover ways to combat the growing threat towards environment and secure the safety of this planet. This seminar will surely help us to establish and convey the need of education for sustainable development. Equally like environmental protection, conservation and management too is important. This seminar will surely enable to establish meaningful link between environment and education.

SUB- THEMES

- Role of higher education institution in environmental protection, conservation and management.
- Education for sustainable development.
- Reorienting teacher education to address environment arena.
- Culture and environmental protection.
- Indigenous communities (folk, tribals and others) and environmental protection, conservation and management.
- Issues and challenges in education for ensuring environmental protection, conservation and management.
- Corporate and environmental protection, conservation and management in 21st century.
- Role of mass media and other agencies in environmental protection, conservation and management.

OBJECTIVES OF SEMINAR

- To elaborate and elucidate relation between education and environment.
- To spread out awareness among people regarding environmental protection.
- To know the role of education in environmental conservation.
- To ascertain the role of universities in granting environmental protection and management.
- To determine the scope of education for sustainable development.
- To understand the tribal practices favoring environmental aspects.
- To observe the need of reorienting the teacher education.
- To identify and address the growing threats towards environment.
- To establish relationship between mass media and agencies such as corporate, industrialists etc. for enabling and ensuring environmental management.
- To identify the effect of folk practices in ensuring greenery.

PARTICIPANTS

Papers are invited from academicians/practitioners, Research scholars, faculties and student of any discipline to contribute and participate in the deliberation of the National Seminar.

ABOUT JAMSHEDPUR

Jamshedpur holds the honor of being the first well planned INDUSTRIAL city of India, founded and named after Jamshedji Nusserwanji Tata. Surrounded by DALMA hills, Jamshedpur is bordered by Swarnrekha and Kharkai river in the north and west of the city. The town is mainly known for its steel factories and also about the various mines located nearby.

As compared to the best of our country Jamshedpur holds high literacy rate having more than 183 schools and above 15 colleges catering the educational needs of over 30,000 children. The city is known for its well maintained and developed township controlled mainly by TATA company.

TRANSPORTATION

AIR : The city's airport is located at Sonari, however the air movement is done mainly by two airports that is Ranchi and Kolkata.

RAIL : Tatanagar is an important railway junction on south eastern Railway and is connected directly to all major cities viz. Kolkata, Mumbai, Delhi, Chennai, Bangalore, Amritsar, Patna, Raipur, Ranchi, Pune, Jammu etc.

ROAD : Jamshedpur is well connected by road with most of major cities . National highway 33 touches the city and joins NH2, connecting Kolkata and Delhi. Regular bus services are available to and from Jamshedpur to Ranchi, Patna, Gaya, Kolkata, Baharagora, Hazaribagh, Puri, Bhubaneswar, Asansol, Bokaro, Dhanbad etc.

Call for Papers

The paper should be original and should not have been published or presented previously.
